Approximately 600 words per person (a range of 500 to 700 words is acceptable). I will uniformly adjust the font size and page margins in the final stage. Please carefully review all detailed content in CA4. Contact me if there is any content I have not covered. You may decide independently whether to add charts, and I might adjust the chart sizes during layout.

Please confirm your assigned section and submit the draft to me or upload it via Teams preferably before the 4th. Additionally, everyone needs to complete and submit their individual report independently.
